

PC Network Services, Inc. Named to MSPmentor 100 List of Top Technology Consulting Firms

January 31, 2008: Pittsburgh based **PC Network Services, Inc.**, with expertise in remote monitoring, security, and data protection, was one of only two Pennsylvania companies named to MSPmentor 100, a distinguished list of the world's most progressive managed service providers.

"We're never satisfied, we can get better." said Peter Briden, President. "But this honor is an indication that we are heading in the right direction. We are always trying to improve our level of customer service and quality."

"Qualifying for the MSPmentor 100 is an amazing accomplishment," said Joe Panettieri, editorial director of MSPmentor, published by Nine Lives Media Inc. "We analyzed the business performance of more than 500 technology consulting firms and managed service providers worldwide. Only the 'best-of-the-best' landed on the MSPmentor 100."

The **MSPmentor 100** recognizes managed service providers, integrators, consulting firms and VARs that leverage managed services to vastly improve customer service. Through managed services, solutions providers deliver proactive, 24x7 customer care to small, midsize and even large enterprises. The net result for customers is a dramatically **improved IT infrastructure** that speeds the flow of business.

The complete MSPmentor 100 report, along with comprehensive coverage of the managed services market, can be found at www.mspmentor.net.
